ST. LUKE'S HOSPITAL. FRONT VIEW

OFFICERS

President

STEPHEN BAKER

First Vice-President

GEORGE BLAGDEN

Second Vice-President

J. VAN VECHTEN OLCOTT

Treasurer

GEORGE F. CRANE, 72 Wall Street

Assistant Treasurer

CENTRAL UNION TRUST COMPANY, 80 Broadway

Secretary

ROGERS H. BACON, 30 Broad Street

MANAGERS

Whose terms of office expire respectively on St. Luke's Day,
October 18th, in the following years:

1929

ROGERS H. BACON
EDMUND L. BAYLIES
GEORGE BLAGDEN
GEORGE F. CRANE
CHARLES D. DICKEY
WILLIAM A. GREER
J. VAN VECHTEN OLCOTT
PERCY R. PYNE, 2D

1930

LINCOLN CROMWELL
WILLIAM C. DEMOREST
JOHN A. DIX
WILLIAM FAHNESTOCK
WILLIAM M. V. HOFFMAN
EDWIN G. MERRILL
GEORGE MACCULLOCH MILLER
E. HENRY H. SIMMONS

1931

STEPHEN BAKER
STEPHEN C. CLARK
REV. HENRY MOTTET, D.D.
SAMUEL RIKER
J. MAYHEW WAINWRIGHT

Managers Ex-Officio

The Bishop of the Diocese of New York
The Mayor of the City of New York
The President of the Board of Aldermen
The British Consul-General
The President of the Medical Board

REPRESENTATIVES OF ST. GEORGE'S SOCIETY

EDWARD F. DARRELL

HENRY W. J. BUCKNALL

STANDING COMMITTEES

Executive Committee

ROGERS H. BACON	WILLIAM FAHNESTOCK
GEORGE BLAGDEN	WILLIAM M. V. HOFFMAN
LINCOLN CROMWELL	EDWIN G. MERRILL
EDWARD F. DARRELL	SAMUEL RIKER

The President, Ex-Officio

Finance Committee

WILLIAM C. DEMOREST	WILLIAM A. GREER

THE SEVENTIETH ANNUAL REPORT OF THE
BOARD OF MANAGERS OF ST. LUKE'S
HOSPITAL

For the year ending September 30, 1928

To the Society of St. Luke's Hospital:

The outstanding event of the year was the opening of the Convalescent Hospital at Byram Woods, Greenwich, Connecticut, the gracious gift of Mrs. Hicks Arnold. This we regard as the signal and most significant incident in the history of the Hospital since its foundation and initial opening. The buildings were dedicated December 10, and opened for the reception of patients December 20, 1927. For the greater part of the year the building has been filled to its capacity, and the good that is being accomplished by this adjunct to the work of St. Luke's transcends our greatest expectations. The major portion of the patients who go there for their convalescence are unable to pay for their care. Such are the patients who most need our help and it is unnecessary to add that such are the patients whom we most desire to help.

The expenses for the year have been extremely heavy, caused by increased work and extensive repairs and renovations. The total current expense has exceeded current revenue by \$112,928.20. Of this the shortage at the Main Hospital has been \$45,316.10, and at the Convalescent Hospital \$67,612.10. If St. Luke's is to continue to meet the demands that are made upon it, it should have additional resources of approximately nine millions of dollars. Of this amount one million of endowment is required to meet the expenses of the work as now carried on at the Main Hospital, and two millions of endowment for the Convalescent Hospital. Five hundred thousand dollars is urgently needed for the building and endowment of a Children's Pavilion at the Convalescent Hospital. The children are now housed in the Main Building, and the experience of the past winter and spring have proven that when contagious diseases manifest themselves among the children, such extensive quarantine is required that the work of the entire hospital is temporarily

curtailed. It would be manifestly better for the children and also for the adult patients if they could be cared for separately.

NEED FOR THE EXTENSION OF THE MAIN HOSPITAL AND
OUT-PATIENT DEPARTMENT

During the year 2,305 applicants were reluctantly declined for lack of room. The Out-Patient Department is constantly filled beyond its capacity and we are unable to care for many who come to us. An eminent medical man has recently said this is the penalty of good, conscientious work. The Medical Staff has repeatedly importuned our Board for more commodious out-patient facilities and the State Board of Charities in their reports of inspections have reiterated their recommendations for larger quarters.

To erect a building on the west of the Hospital plot, at Amsterdam Avenue from 113th to 114th Street, will cost approximately two and a half million dollars, and such building for ward patients and dispensary purposes should have an endowment of not less than three million dollars.

GIFT BY LEGACY OF MRS. WILLIAM J. FITZGERALD

Notices of this bequest have appeared in the press at various periods during the last fifteen months, and because of these announcements many appear to have gained the impression that there have been several large gifts to the Hospital instead of one. The facts are these:

Mrs. Fitzgerald left to the Hospital the property at Riverside Drive between 119th Street and 120th Street, and a smaller parcel of land north of 120th Street and Riverside Drive. Under the terms of the will, buildings for hospital uses and purposes must be erected on the premises. Over and above the gift of real estate is that of \$1,500,000, which has been received during the year, and \$2,000,000 additional, which will come to the Hospital eventually; that is, after life interests of several persons have expired. The most pressing need that is before us and that cannot long be delayed is a commodious residence for Student Nurses, Officers of the Training School, and Head Nurses. To meet this need it seemed to our Board wise that we should use a portion of the property and the money that we

have already received for the building of a Nurses' Home. It had been our hope that we could erect and furnish the building for less than \$1,500,000 and have a balance for income for maintenance. The preliminary estimates furnished by the architects exceed \$1,700,000, and we are now endeavoring to reduce our requirements in order to bring the cost of the building within the means that we have in hand for the purpose.

SCRYMSER PAVILION

Another notable event of the year was the dedication and opening of the Scrymser Pavillion. The dedication was on February 26, and patients were first received on March 1, 1928. The Pavillion is a source of great satisfaction to the Medical and Surgical Staff, the patients cared for therein, and to ourselves. Throughout the spring months it was for the most part filled, and we feel that it is meeting a long-felt need.

The following tabulation presents a summary of the work for the year as compared with that of the previous year:

	1927	1928
WARDS AND PRIVATE ROOMS		
Patients treated.....	8,716	8,703

SOCIAL SERVICE

The Social Service continues to render efficient and valuable aid to the Hospital and its patients, and we hereby express our great gratitude to Mrs. Edward E. Loomis, its President, the Members of the Executive Board, the Junior Auxilliary, for their untiring efforts, and also to the working staff for faithful service.

A comparative statement of receipts and expenses, volume of work and per capita cost for the last twelve years is here presented.

Year	Operating Expenses	Permanent Equipment	Total Operating Expenses	Grand Total Current Expenses	Grand Total Current Revenue	Deficit or *Surplus	Hospital Days	Visits to O. P. D.	Per Capita Ward Patients Cost
1917	\$ 448,877.38	\$ 8,750.37	\$ 457,627.75	\$ 463,976.10	\$ 442,451.47	\$ 21,524.63	120,075	70,009	\$ 2.63

CHANGES IN MEDICAL AND SURGICAL STAFF

The following appointments were made:

Dr. Walter A. Bastedo, Consulting Physician
 Dr. Edmund J. Rhodebeck, Assistant Attending Physician
 Dr. Richard W. Bolling, Attending Surgeon
 Dr. John Douglas, Attending Surgeon
 Dr. Benjamin R. Shore, Jr., Assistant Attending Surgeon
 Dr. Paul C. Morton, Assistant Attending Surgeon
 Dr. Henry T. Smith, Assistant Ophthalmologist, Assistant Ophthalmological Division, Out-Patient Department
 Dr. Frederick W. McKee, Assistant Pathologist
 Dr. Dudley E. Mackey, Assistant Roentgenologist
 Dr. Theophilus P. Allen, Assistant, Medical Division, Out-Patient Department
 Dr. Monroe B. Kunstler, Assistant, Medical Division, Out-Patient Department
 Dr. Charles S. Neves, Assistant, Medical Division, Out-Patient Department

- Dr. Clayton Sharp, Assistant, Medical Division, Out-Patient Department
- Dr. Charles M. Gratz, Assistant, Orthopedic Division, Out-Patient Department
- Dr. Joshua W. Davies, Assistant, Gynecological Division, Out-Patient Department
- Dr. L. Arthur Hanson, Assistant, Gynecological Division, Out-Patient Department
- Dr. Otto H. Leber, Chief, Pediatric Division, Out-Patient Department
- Dr. Harold W. Dargeon, Chief, Pediatric Division, Out-Patient Department
- Dr. Jackson A. Seward, Assistant, Otological Division, Out-Patient Department
- Dr. James F. Faulkner, Assistant, Upper Respiratory Tract Division, Out-Patient Department
- Dr. Clarence H. Bonnell, Associate Attending Physician, Convalescent Hospital
- Dr. Charles W. Knapp, Associate Attending Physician, Convalescent Hospital
- Dr. Arthur S. Vosburgh, Associate Attending Surgeon, Convalescent Hospital
- Dr. John A. McCreery, Associate Attending Surgeon, Convalescent Hospital
- Dr. Reginald A. Higgons, Associate Pediatrician, Convalescent Hospital

The following resignation was accepted:

Dr. Walter A. Bastedo, Associate Attending Physician

DEATHS DURING THE YEAR

Mr. Alvin W. Krech, a valued and efficient member of the Board since 1904 and a long time member of the Finance Committee, died May 3, 1928.

Newton M. Shaffer, M.D., died January 2, 1928. He was Orthopedic Surgeon from 1873 to 1887, and Consulting Surgeon from January 1, 1888, to the time of his death.

Dr. Robert Abbe was a true son of St. Luke's, a devoted and loyal member of the Staff and a brilliant surgeon. He was a member of the House Staff 1874-1876. Attending Surgeon 1884-1913, and Senior Attending Surgeon from 1913-March 7, 1928, the day of his death.

William B. Tyrrell, D.D.S., Dental Surgeon, and Chief of the Dental Division of the Out-Patient Department since 1916, died April 18, 1928. His services were deeply appreciated.

Appended to this report will be found the minutes adopted by the Medical Board on the deaths of Dr. Shaffer and Dr. Abbe.

We gratefully acknowledge the services rendered by the entire Medical and Surgical Staff which, as heretofore, have been rendered gratuitously to ward and dispensary patients.

By order of the Board of Managers,

STEPHEN BAKER,

President

EXTRACT FROM MINUTES OF MEETING OF MEDICAL BOARD

NOVEMBER 21, 1928

Dr. Newton Melman Shaffer gave eminent service to humanity through this Hospital as its Orthopedic Surgeon from 1873-1887 and continued until his death which occurred under its roof on January 2d last.

Dr. Shaffer was a pioneer in the orthopedic branch of surgery and took a very prominent part in its advancement through his teachings to students, through his administrative, institutional positions and by his extensive contributions to medical literature.

It has been largely through his ability and endeavors that orthopedic surgery has attained its present international position.

The Medical Board of St. Luke's Hospital desires to place on record its recognition of the attainments and character of its late fellow member. They, therefore, have resolved that this statement be placed in the minutes of their procedures and that a copy be sent to Dr. Shaffer's family.

EXTRACT FROM MINUTES OF MEETING OF MEDICAL BOARD

NOVEMBER 21, 1928

On March 7th of this year Dr. Robert Abbe, the Senior Member of our Medical Board, succumbed to a long illness, which was borne with a courage and fortitude that was inspiring to all those whose duty and privilege it was to administer to his needs, or visit him during this time.

His death brought to a close a career in medicine that was full of accomplishment. During his long and active life he filled a

notable place in the profession in New York, and in our country. His earlier years showed the decided bent towards art and artistic things, which was so much in evidence throughout his life and work in the meticulous care in, and accuracy of his surgery, notably in the remarkable plastic operations of which he was a master.

After his graduation at the College of the City of New York, in 1870, he became an instructor in drawing, English, and geometry at that institution, later taking up the study of medicine, graduating at the College of Physicians and Surgeons in 1874, finally to specialize in his life work of Surgery. He served upon the House Staff of our institution during the years 1874-1875-1876, during which time his great manual dexterity and marked aptitude in surgery were noted by his colleagues. In 1884, he was appointed an Attending Surgeon to the Hospital, holding this position until the time of his death, and continuing in active work until his health compelled his retirement in 1924. His interest, however, in all medical matters, and in the affairs of the Hospital, continued keen and unabated, notwithstanding severe physical suffering.

In addition to his work at St. Luke's, he served as teacher and surgeon at the New York Post Graduate Hospital. He was also Attending Surgeon to the Roosevelt, Babies, and the then Cancer Hospital, and at one time Professor of Surgery at the Womens Medical College. In later years he gave up all other appointments to devote his entire time and energies to St. Luke's.

His great and intense interest in his work led to frequent contributions to medical literature, and to the many Societies, local, national, and international, to which he belonged; the American Surgical Association, the International Surgical Society, the New York Surgical Society, the Practitioners Society, and many others. He took an active part in the meetings of the Charaka Club, and was a member of the Century and University Clubs.

Dr. Abbe's remarkable dexterity in his work, his ease in operating, his truly great resourcefulness in unusual conditions and emergency, his quickness in appreciating and in improving the constantly developing technique of surgery, made him not only a fascinating and instructive surgeon and teacher to watch but to be associated with as a member of his Staff.

His early work in intestinal anastomosis in the days when surgeons were striving for some quick and secure method of uniting the divided bowel, did much towards putting this procedure upon a sound basis. His method of cutting oesophageal strictures was far in advance of any procedure in its time, and rendered this operation one of comparative safety. It is still used. His cranial and spinal operations attest his wide skill in surgery in the days when these regions were just beginning to be opened to exploration.

As a plastic surgeon he has had few equals, and the remarkable reconstructions of facial and neck defects, congenital or acquired, were among his most notable achievements, yet, but few of these did he ever think it worth while to publish.

His own history records were astonishingly complete, and filled with accurate and often beautiful illustrations of pathological conditions, and operative procedures, frequently in color.

Dr. Abbe's pioneer work with Radium in this country beginning in 1904, after he had been able to secure a portion of the original Curie salt, is well known. The marked improvement in the technique of its use has been in no small measure due to his own laboratory and clinical studies. He was among the first to separate the Beta Ray through the magnetic field and use it alone in certain conditions. His artistry enabled him to make and color the most accurate plaster casts of conditions treated—a striking and graphic record.

In his personal relations with his colleagues and associates here, he was never too busy for a consultation in the ward, or word of suggestion or help. He was a disciplinarian, and not slow to find fault where fault there was, but his criticism was invariably just, helpful, and never carping. With his Staff, he strongly felt the obligation to teach and pass on to them all that he had received and had acquired. He was particularly helpful to the younger men of the profession who could approach him at any time with abstract or concrete problem, and whether at the Hospital or his office, in or out of hours. His energy until the time of his retirement seemed boundless, and was never stinted in the service of St. Luke's, at whose call he was for over forty years as one of the most distinguished Attending Surgeons of its history.

His loss is deeply felt by all who knew him.

REPORT OF THE AUDITING COMMITTEE.

New York, October 18, 1928

The Trustees,
St. Luke's Hospital,
New York City

Dear Sirs: Under the authority of the Board we employed, for auditing the year's accounts, Messrs. Patterson, Teele & Dennis, Accountants and Auditors, and hand you their Certificate, Balance Sheet, and Income and Expenditure Account for the year ending September 30, 1928, when received.

The Auditing Committee, in place of examining the Securities owned by St. Luke's Hospital, have accepted the Certificate of the Central Union Trust Company, as Custodian, enumerating the Securities held by them for St. Luke's Hospital at the close of business September 30, 1928. A summary of the Securities owned at September 30, 1928, in comparison with the Securities owned at September 30, 1927, follows:

1927		1928
<i>Book Value</i>	<i>Par</i>	<i>Book Value</i>
\$2,568,100.00	Mortgages amounting to.	\$2,959,200.00
2,676,475.55	Bonds amounting to . . .	2,187,750.35
972,294.00	Stocks amounting to . . . *	1,303,566.67
		888,472.47
<hr/>		<hr/>
\$6,216,869.55		\$6,641,916.67

<hr/>		<hr/>
\$6,215,854.38		\$6,034,368.28

Yours very truly,
(Signed) HENRY W. J. BUCKNALL,
SAMUEL RIKER,
Auditing Committee

* Note: 100 shares General American Tank Car Corporation Common Stock, having no par value is included in this figure at an assumed par value of \$100.00 per share.

PATTERSON, TEELE AND DENNIS
ACCOUNTANTS AND AUDITORS

120 Broadway, New York

October 29, 1928

We have audited the books and accounts of St. Luke's Hospital for the year ending September 30, 1928, verifying the due accounting for all income shown by the books, vouching all expenditures, verifying cash at banks, on call and on hand, and comparing with the books the list of securities held by and certified to by the Central Union Trust Company, as Custodian, and we hereby certify that the accompanying Income and Expenditure Account and Balance Sheet set forth the financial condition of the Hospital for the year ending September 30, 1928, in accordance with the books of account. The Unrestricted Funds of the Hospital have been increased by legacy receipts and net profits from Bond Sales. Donations and subscriptions have been included in current income. We have not examined the Minute Books.

REPORT OF THE COMMITTEE ON THE TRAINING SCHOOL FOR NURSES

For the Year Ending September 30, 1928

The Committee on the Training School presents to the Board of Managers the following report for the year:

The statistics for the year are as follows:

Directress.....	1
Assistants.....	4
Instructors.....	3
Head Nurses.....	29
Anesthetists.....	3
Out-Patient Department.....	3
Follow-up Nurses.....	2
Photographer.....	1
Radiotherapeutic Department.....	1
Roentgen-Ray Laboratory.....	1
Letters of Inquiry.....	1,627
Application forms sent out.....	124
Application forms returned.....	126
Applications accepted.....	79
Probationers accepted.....	90
Probationers dropped.....	3
Pupils admitted.....	54
Pupils resigned.....	5
Nurses graduated.....	53
Present number of pupils.....	114
Present number of probationers.....	49
Present number of nurses from affiliating schools.....	7

The curriculum is as follows:

PRELIMINARY TERM

Anatomy and Physiology
Bacteriology
Nutrition and Cookery
Solutions
Theory and Practice of Nursing
Bandaging
Hygiene and Sanitation
Ethics and History of Nursing
Massage
Hospital Housekeeping

JUNIOR TERM

Anatomy and Physiology
Drugs
Theory and Practice of Nursing
Surgical Lectures and Recitations
Eye, Ear, Nose and Throat

The
Hospital Greatly Needs

Additional Endowment of
\$ 3,000,000
to meet Current Expenses

\$ 500,000 for the Erection and
Endowment of a Children's Pavilion
at the Convalescent Hospital

\$ 2,500,000 for the Completion
of the Hospital and \$ 3,000,000
for the Endowment thereof

2,305 Patients were reluctantly
declined last year for
lack of room

INTERMEDIATE TERM

Out-Patient Department
Medical Lectures and Recitations
Pediatric Lectures
Pathology
Advanced Nursing Procedures
Communicable Diseases
Materia Medica
Diet in Disease

SENIOR TERM

Obstetrics
Operating Room
Mental and Nervous Diseases
Skin and Venereal Diseases

On the evening of April 25th, fifty-three students were graduated. The Rev. Donald B. Aldrich, D.D., Rector of the Church of the Ascension, New York, delivered the address. The diplomas were presented to the members of the graduating class by the President of the Hospital.

During the year we have admitted twelve students from the Good Samaritan Hospital, Watertown, New York, for three months Pediatric training, and twelve students from St. Mary's Free Hospital for Children, N. Y. C., for six months adult training and one month operating room experience. These students have been of material assistance in caring for our patients. Six students came to the Hospital for ten weeks from St. Faith's Training School for Deaconesses. They were given instruction in simple nursing procedures and were very helpful during the vacation period.

We moved into the new Hospital Diet Kitchen the end of October. This has greatly increased our facilities for teaching diet in disease. We are now able to send the trays of patients on special diets direct from the Diet Kitchen to the patient thus bringing about a much needed correlation. A full time clerical assistant has been provided for the class room filling a much needed want.

The December and March groups of probationers were housed in the new quarters provided in the Aldean apartment house. Until a new Nurses' Home is built the probationers will be housed in these new quarters. In September we admitted forty-eight probationers, the largest group of students we have ever admitted at one time. This marks the beginning of the four months preliminary course required by the State and the admitting of students twice a year instead of three times a year,

as has been customary in the past. Some difficulty was experienced in securing students for the March class and your Committee again begs to call to your attention the need for a modern and attractive Nurses' Home. If we are to continue to attract desirable young women to our school we must meet this need in the very near future.

In March we began to employ some graduate nurses for general duty in the Private Pavilion. Student nurses will continue to receive training in this department but it was found impossible to provide them in sufficient numbers to take care of our increased private patients' service. This arrangement seems to be working out satisfactorily.

We desire to express our appreciation to Dr. Gould, Dr. Bishop and Dr. Farnum for their great kindness in the professional care of the student nurses.

The President of the Hospital has kindly, as heretofore, provided the Training School with a goodly number of magazines which have been much appreciated.

GEORGE BLAGDEN	} <i>Committee on Training School</i>
ROGERS H. BACON	
WILLIAM M. V. HOFFMAN	
<i>Ex-officio</i>	
FRANK S. MATHEWS, M.D.	}
<i>President of the Medical Board</i>	

SUPERINTENDENT'S REPORT

To the Honorable the Board of Managers:

Gentlemen: The following are theSTATISTICS OF THE WORK OF THE HOSPITAL FOR THE YEAR; AND ALSO,
FOR COMPARISON, THOSE OF THE PRECEDING YEAR

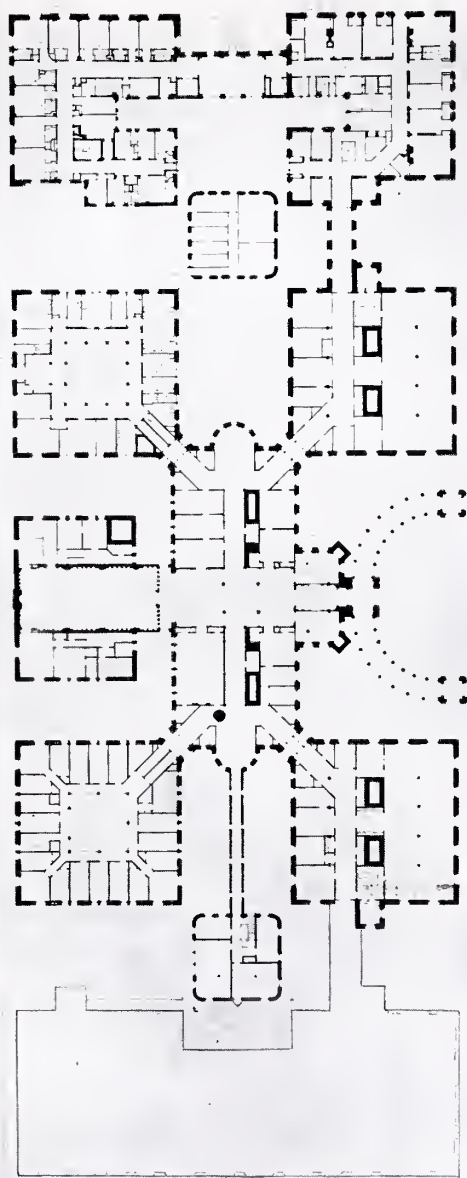

WARDS AND PRIVATE ROOMS	FOR THE YEAR ENDING SEPT. 30, 1928		AND SEPT. 30, 1927

A large amount of work has been done towards the renovation of the Plant Pavilion, consisting of replumbing with brass pipes throughout, renewal of steam pipes to a large degree, reelectrification for lighting purposes, alterations and repainting. This work is nearing completion and the building will be ready for occupancy January 1, 1929.

Within the next few years your Board will have to authorize expenditures of large amounts. The engine room must be enlarged and new engines and generators installed. A new battery of two boilers, similar to those which were installed five years ago, will be required.

In the Steward's Department, the store and milk rooms are entirely inadequate. They should be enlarged by taking the Chief Engineer's Apartment in the Chapel Building and making provision for his habitation elsewhere.

The weekly laundry work has recently increased from 75,000 to 120,000 pieces. This increase has been caused largely by the addition of the Scrymser Pavilion and the Convalescent Hospital. To meet the need, we must install without delay additional modern machinery at a cost of approximately \$25,000, and within the near future the laundry should be enlarged by excavating and building in the adjoining courtyard.

An expression of our grateful appreciation is due to the following institutions which have kindly cared for our convalescent patients during the year:

GEORGE F. CLOVER

Superintendent

PASTOR'S REPORT

To the Honorable the Board of Managers:

Gentlemen:

The Services at the Hospital have been maintained as heretofore. A brief service is said in each ward every week day, and Evening Prayer in the Chapel at six o'clock. On Sundays services are held in the morning in all wards and in the Chapel at half past ten o'clock. On the first and third Sundays of the month, and on the principal feast days, Holy Communion is celebrated in the Chapel, and the Sacrament is administered in each adult ward in rotation as frequently as circumstances permit, and the needs of the patients require. Opportunity is given to all patients to receive whensoever they desire.

Daily rounds are made in the wards by the Assistant Pastor for counsel and consolation, and he visits the patients at other times as requests are made.

At the Convalescent Hospital an abbreviated Morning Prayer is said in the Chapel every week day morning, and services are held in the Chapel each Sunday in the morning, with the Celebration of the Holy Communion on the first Sunday of the month.

The following are the statistics for the year:

Baptisms.....	11	
Marriages.....	3	
Funerals.....	54	
Holy Communion:		
In Chapel.....	30	
In Wards.....	81	(827 communicants)
In private and extremis.....	384	

The New York Bible and Common Prayer Book Society kindly continues to keep the Chapel, wards, and Convalescent Hospital supplied with Prayer Books and Hymnals, and the New York Bible Society has made generous grants of Bibles to both places.

Statement of Receipts and Expenditures of the Pastor's Fund:

\$ 839.23

A keen loss to the Hospital came through the death on November 30, 1927, of the Rev. Albert C. Monk, its loyal and efficient Assistant Pastor for twelve years.

The Rev. Thomas J. Crosby entered upon the duties of the office of Assistant Pastor May 1, 1928, which he is fulfilling very acceptably.

REPORTS OF SOCIAL SERVICE

REPORT OF PRESIDENT

The last year, 1927-1928, has seen changes in the Executive Board and the officers of St. Luke's Social Service. They were inevitable. Absence, new duties, fresh preoccupations must govern for us all the choice of work.

We record with regret the withdrawal of friends among us, some of those who conceived and planned and carried forward our Medical Social Service. The task set in the beginning has been fairly accomplished and the work has been established in principle and in practice along the lines laid down in its early day.

Social Service will grow. It will surely cast off some elements, and as surely develop others. But the principle of following through the work begun within its walls by the Hospital, of clinching the accomplishment of doctors and nurses and so rehabilitating the citizen in so far as the process of healing goes,—that principle has been established.

No new committees have been formed. The familiar ones have been faithful and successful, and speak for themselves through their chairmen's reports presented at the Annual Meeting in April, and filed with the Secretary.

All of the customary meetings of the Executive Board, the general membership, the church committee and the sewing class have been held, together with some delightful social gatherings and many small conferences. Fourteen new members have been added to the general roll.

A word of the future; we are all finding in every large piece of work with which we have been long connected a necessary change in the method of administration. More and more in every line must the work be done by the trained, the professional, worker. That is not to say that the duty of the layman is ever really lessened. It is most often changed from amateur effort, in the end ineffective and costly, to the essential function of moral and financial responsibility and support. In our own association, the ideal would seem to be an always larger membership of understanding people serving as purveyors of facts to

the community, as agents to enlist for medical social service, the interest of a constantly greater public, and as parts of a solid financial foundation built up largely, it is true, of small contributing bricks, but from that very fact drawing its stability and its strength.

For the Executive Board

JULIA LANGDON LOOMIS

President

REPORT OF JUNIOR AUXILIARY

The Junior Auxiliary feels that the past year has been a successful one, as it has been able to enlarge its scope of activities.

The Clinic Volunteers, of which Miss Hoyt is Chairman, the Library with Miss Graham as Chairman, and the Occupational Therapy of which Miss Lambert is Chairman have all been functioning successfully. In addition to these we have been able to organize under the direction of Mrs. Sands a new Committee of Volunteers who work at the Convalescent Hospital at Greenwich.

At our Benefit Entertainment we cleared \$3500.00.

We all feel that any part we may take in helping to enlarge the work already being done is a step forward, and we are deeply grateful to all those who have made this possible.

AUDREY R. WALKER

President

REPORT OF DIRECTOR

A well-rounded Social Service Department is more or less experimental. The very nature of its activities demands a trying out of new methods and development along different lines. Two years ago we tried the experiment of doing our cardiac work with one worker and a clerk and this is being successfully continued. Since last September we have tried this in our Children's Department and have found that we are carrying the same amount of work with one worker and a full time clerk. We did hope that we might be able to put an extra worker in the Neuro-Psychiatric Department but the work being done by our one Surgical worker, who covers five wards and the Surgical and Gynecological Clinics, has proved so heavy

that the Board generously allowed us an assistant in this department who will also do the relief work for the summer. We hope before another year is over that we may be able to have the extra worker in the Neuro-Psychiatric Department.

To quote from a recent article on the technique of hospital social service: "Hospital social service in its broad sense does not limit its activities to case work for the individual patient. While this is an important part of its work there are other activities which can correctly be considered as hospital social work. This includes the activities in which it is essential to have a knowledge of community resources, and understanding of the patient's social needs and the skill and judgment to organize an expedite clinic routine to the advantage of physician and patient. Under this come clinic management and some phases of admission of new patients. It does not necessarily follow that all the duties coming into these activities should be done by a social worker but it is necessary that there be supervision by the Social Service Department." This paragraph rightly defines the aim of our department and it is toward this type of work that we are developing.

This past year we have attempted to exercise some control and organization in the Thyroid Clinic. One of the medical workers has added this work to her department and I think we can say the doctors feel that the control of these patients, the discovery of their social needs, keeping them under treatment and seeing that orders are interpreted to them and followed out, has been of great help in this specialized clinic.

The opening of our long-thought-of Convalescent Hospital at Byram Woods took place in December and is proving all that we ever thought or hoped for it. We realize more and more the possibilities of this extension of the Hospital and what it is going to mean to all types of patients in perfecting the cure begun by the Hospital.

Our work in other departments has progressed with few changes. We are as usual deeply indebted to our Executive Board and to our corps of faithful volunteers who have been of inestimable assistance to us. I think at this time I should like to give a few words of appreciation to the work of the staff. This is not the kind of work that can ever be measured in figures

or in any precise way. Though we have a technique it must be applied differently to the many types of human beings who need different treatment, different understanding and care and if each individual worker did not come to her work with a real understanding and love of it our work would not be carried on with the high standards with which we hope it is.

ENDOWMENT OF BEDS

A bed in an adult's ward may be endowed by the payment of a sum not less than \$7,500.

A bed in a child's ward may be endowed by the payment of a sum not less than \$5,000.

The annual income of such endowment shall be applied to the cost of maintaining a patient upon the bed endowed so far as such income will suffice to pay such cost; and the founder and a successor named by him shall have the right of nomination.

The annual charge towards the support of an adult's bed is five hundred dollars, and towards a child's bed three hundred dollars.

CIRCULAR OF INFORMATION

OF ST. LUKE'S HOSPITAL TRAINING SCHOOL FOR NURSES,
NEW YORK

History of the Training School. The St. Luke's Hospital Training School for Nurses was organized in the year 1888 for the purpose of preparing young women for the profession of nursing the sick.

Since its organization the Training School has undergone many changes and improvements as times and conditions have varied. The Hospital has been steadily increasing in capacity and improving in equipment and the Training School has kept pace with it until today it offers all of the most desirable advantages and opportunities that an earnest and energetic young woman could wish when seeking to prepare herself for this most important and noble life work.

In 1905, in accordance with a State law, the Training School was registered with the Regents of the University of the State of New York, thus being placed in the ranks of officially recognized training schools in the State.

Equipment for Instruction. St. Luke's Hospital is a large general hospital of 539 beds with medical and surgical wards for both adults and children, gynecological, orthopedic, eye, ear, nose and throat services. The Private Pavilion, with a capacity of 187 patients, is splendidly equipped with all the first-class modern conveniences. The Out-Patient Department has recently been housed in a new building with an equipment that is complete and superior in all respects. The Diet Kitchen and Operating Rooms, with competent instructors in charge, afford generous opportunities.

These departments are all open to the pupils for instruction, and each one is given her course of training in them as the requirements of the institution dictate or permit.

The Hospital has no maternity wards, but an affiliation exists with the Sloane Hospital for Women and the New York Nursery and Child's Hospital, both in the city, at one of which each nurse

is required to take a three months' course at some period during her training.

The Hospital furnishes two well-equipped class rooms for the use of the pupils, one for recitations and lectures and the other for demonstration purposes. Also, the Training School possesses a reference library which contains a variety of standard reference and text books. This is at the service of the pupils, and enables those who are ambitious and energetic to do advanced collateral reading and study.

Government. The Training School is under the same government as the Hospital, the Board of Managers of the institution having final jurisdiction over it. A special Training School Committee exists within the Board of Managers.

The officers of the Training School proper are a Directress of Nurses and an Assistant Directress of Nurses. The Directress of Nurses has the power to make all appointments of candidates for the School, and to determine the qualifications of probationers for the work, and the propriety of retaining or dismissing them during their probationary term. The reasons for rejection are not given, neither are letters addressed personally to the authorities of the School returned.

The right is reserved by the Hospital to terminate the connection of any pupil with the School for reasons which the Hospital may deem sufficient.

Discipline. The rules of the Training School are such as any self-respecting, earnest woman will recognize as embodying only those requirements that are fair and necessary in an institution of this kind. These are made known to the pupil upon her arrival, and she is responsible to the officers of the Training School for her conduct while in training.

Length of Course. The course of training covers two years and six months from the date of entrance. The first six months of this period will constitute a Preliminary Probationary Term.

Requirements for Admission. Pupils are admitted regularly in classes in the spring and autumn.

Applications must be made either in person or through the printed "Form of Application" to the Directress of Nurses. If possible an appointment should be made for a personal interview, the Training School office hours being from ten to twelve o'clock Tuesday, Thursday and Friday.

Applicants must at least possess a high school diploma or its equivalent, and women of higher education will be given preference.

Candidates should be from twenty to thirty-three years of age.

Appointed Candidates. Accepted candidates are nominated in order on a waiting list according to the needs of the Training School. When called they are expected to report promptly, and to bring with them the means of returning to their homes should they not successfully pass their probationary term.

Any change of plan or address on the part of the candidate whose name is on the waiting list should be immediately reported to the Directress of Nurses.

Acceptance into the Training School. At the close of the Preliminary Term each probationer, who has successfully passed the required examinations of the course, and who has given satisfaction in all other respects, will be accepted into the Training School upon signing a written agreement to remain in the School for the remainder of the term, and to conform to its rules and the rules of the Hospital.

Nurses, after they have been admitted into the Training School, are required to wear the Training School uniform while on duty.

Expenses. A fee of \$25.00, payable upon entrance, is required of all students. This fee will not be returned.

No salary is paid the pupils. The Hospital supplies the uniforms for all nurses who have been accepted into the Training School, but probationers must furnish their own uniforms in accordance with specifications which will be furnished them upon their appointment.

Text books, board, lodging and laundry are furnished by the Hospital for all nurses and probationers.

The uniforms and text books given the nurses belong to the School and must be returned in case a pupil leaves or is dismissed during her course of instruction.

Hours of Duty. The hours of duty are fifty-four hours weekly for the day staff, and ten hours nightly for the night staff. Nurses are allowed one afternoon each week and half of Sunday off duty. These hours are subject, however, to the requirements of the Hospital work.

Vacations and Leaves of Absence. A vacation of three weeks

is allowed each year. Pupils will not be allowed, during their course of instruction, to nurse sick relatives at home, nor to absent themselves for other personal reasons. Absences are not allowed except for extreme cause. If a nurse is absent for a period exceeding 4 weeks she will lose her class position in the School but may enter the succeeding class, unless such absence exceeds 4 months, when she will forfeit her membership in the Training School. If readmitted, she must begin her course anew. This rule may be modified by the Training School Committee.

All time lost for any reason must be made up.

Illness. In illness pupils are cared for by the Hospital, receiving the professional services of the Training School Physicians.

Records. Careful and complete records of class work, examinations and general deportment of pupils are kept on file in the Training School office.

Examinations. Written or oral examinations, with practical tests, are required at the close of each course of study. Any pupil failing in a subject will be required to take it again the following year.

Final examinations are conducted by a Committee of the Medical Board.

Graduation. A course of two years and six months of study and experience, including the probationary period, is required for graduation. When the full term is completed, and the pupils are regarded as thoroughly qualified, they receive, if their conduct and examinations have been satisfactory, diplomas certifying to the fact, after which they are at liberty to choose their own field of labor.

Formal graduation exercises are held in the Chapel of the Hospital at the close of each school year.

Religion. The religious services of the Hospital are those of the Protestant Episcopal Church, and the pupils of the School are expected to attend these services regularly.

Services are held in all the wards of the Hospital each morning and Evensong at 6 o'clock each evening in the Chapel.

Nurses' Home. The nurses have as their exclusive home the *Vanderbilt Pavilion of the Hospital*. This is a large, light and airy building equipped with all modern conveniences and comforts, having, in addition to the nurses' rooms and baths, etc., a

parlor on the first floor comfortably furnished for the entertainment of friends; a dining room on the sixth floor; night nurses' quarters on the seventh floor; and on the eighth floor a large bright solarium and club room, in which the nurses are also provided with a library.

The comparative isolation of the Nurses' Home from the Hospital proper makes it possible for the nurses to enjoy complete relaxation and a generous amount of recreation when off duty.

LIST OF THE GRADUATES OF THE
TRAINING SCHOOL

1890

Cammilleri, Mary Emily Sarah (Mrs. C. S. Wood)	Riley, Florence Gray (Mrs. E. G. Keller)
Dyson, Mrs. Mary M.	Roberts, Jennie L.
Graham, Ada	Suffern, Jeannie C.
Higgins, Annie L. (Mrs. M. W. Brown) (deceased)	(Mrs. H. C. Smith) (deceased)
Lord, Mrs. Harriet M.	Tompkins, Walstein M., M.D.
	Watson, Margaret Martin

1891

Edman, Frances Geraldine (Mrs. F. Allen)	Lohmann, Jennie Adelia (Mrs. C. W. Cutler)
Gorgas, Maria Bayne	Marston, Edith Margaret (Mrs. C. Banks)
Guion, Ferebe E. (Mrs. J. B. McCoombs)	Osborne, Jane Ann
Horne, Florence Ann	Webber, Mrs. Hattie M.
	Wilson, Charlotte (married)

1892

Chetwood, Virginia McGowan	Little, Carrie Russel (Mrs. J. G. Servis) (deceased)
Clark, Alice Matilda	McNamara, Elizabeth Anna

ADMISSION OF PATIENTS

DISEASES TREATED

All kinds of *acute, curable, and non-contagious* diseases are treated in the wards. Sufferers with chronic and incurable complaints are received and retained at discretion, but not permanently provided for. None are received as patients, who, from the nature of their ailment, would occasion discomfort to their neighbors. The following are inadmissible: Sufferers from contagious diseases, cancers of an incurable and offensive nature, epilepsy, opium habit, delirium-tremens, insanity, and venereal disease.

MODE OF APPLYING

Applications received in person daily (except Sunday) from 10 a. m. to 5 p. m. Cases of sudden injury requiring immediate care received at any hour, and, if need be, without charge.

Applicants *from the city*, too sick to apply in person, will be examined by a physician at their residences.

Applications from *out of the city* should be made in writing to the Superintendent. Such communications should enclose a written certificate from a regular physician as to the applicant's disease, present condition, and symptoms and it should state whether bed in general ward or private room is desired. If latter, at what price.

Applicants from out of the city requiring *medical* treatment ordinarily are not received.

Applicants requiring *surgical operations* not obtainable at home are admitted from any part of the country.

RATES OF BOARD

GENERAL WARDS

Board of patients in general wards per week is \$24.50 for adults and \$14.00 for children (under twelve years of age), payable two weeks in advance. Unexpended portion of payment is refunded at the same rate on patient's discharge.

Applicants applying for *free* treatment in whole or in part must be suitably certified as unable to pay Hospital rates, and as worthy objects of charity.

PRIVATE ROOMS

The charitable work of the Hospital is done in the general wards. The income from board and nursing of private patients is applied toward making up deficiency of revenue and to the support of the increasing charity work of the general wards.

PRICES OF PRIVATE ROOMS

Single rooms \$6 to \$20 per day, which does not include Attending Physicians' or Surgeons' fees.

Hospital charges in private rooms invariably must be paid two weeks in advance and any unexpended balance will be refunded at the same rate on the patient's discharge.

The Superintendent is authorized to make special terms for patients in private rooms requiring extra nursing or expensive medical and surgical supplies for their treatment.

House Physicians and Surgeons are at all times within call, at discretion of nurse.

Diet is regulated by Physician's orders, and meals are served at regular hours.

AS TO FEES

No officer, nurse, or servant is allowed to receive any fee or gift from a patient.

PROFESSIONAL SERVICES OF PHYSICIANS AND SURGEONS

The Physicians and Surgeons give their professional services without salary to the Hospital, under the following terms and conditions:

1. They will not receive professional fees under any circumstances from any patient occupying a bed in the wards of the Hospital; neither will they expect to receive such fee from any patient occupying a private room, provided, that in the opinion of the Hospital authorities, ability does not exist on the part of such patient to pay for the services of the attending physician or surgeon, besides paying first the Hospital charges for board and nursing.

2. The attending and consulting physicians and surgeons are expected to make definite private arrangement as to their professional fees with those patients whom they recommend to the Hospital authorities for their private treatment, *before* such patients are sent to the Hospital.

3. The Hospital authorities protect their own staff from misuse of their charitable services, by recommending any applicant who applies directly to the Hospital for the use of a private room to any member of the Attending or Consulting Staff whom they may select that the above arrangements may be made.

4. The physicians and surgeons treat patients in endowed private rooms under the same rules as apply to patients in other private rooms, giving their services without fee only to those who are unable to pay it, besides paying the Hospital rate for board and nursing.

RULES FOR PATIENTS

All patients admitted to the Hospital will be required to conform to the rules of the house. Patients are expected to show a readiness to oblige one another, remembering that they have voluntarily come into a household of which the great law is that of mutual kindness and brotherly love.

1. Profane or indecent language, irreverent behavior at the services of religion, the expression of immoral or infidel sentiments and the like, are offenses for which a patient will forfeit his place in the Hospital. There must be perfect silence in the wards during the religious services, and during the doctor's regular professional rounds. Loud talking, reading aloud, or calling across the ward are not allowed at any time.

2. Patients are not allowed to leave the wards to which they respectively belong, except for the corridors attached to their wards, and the Chapel, without permission. When desiring to go beyond the bounds of the Hospital, patients must obtain a pass and leave it at the Office. Monday is the regular "passday." Passes are not granted on other days except for special causes, when they must be indorsed "approved" by the Superintendent.

3. All wines, spirituous liquors, medicines, fruits, food or delicacies of any kind except those prescribed and furnished by the Hospital or furnished by express permission of the Hospital authorities are strictly prohibited. Any patient receiving such articles irregularly through his friends will make himself liable to discharge. Only such books, pamphlets, newspapers and packages are allowed in the wards as are approved by the Superintendent. Orders for daily papers are received and executed through the Office. Newsboys or other vendors are not allowed in the buildings.

4. No patient may purchase, or procure any members of the Household to purchase for him, any articles whatsoever without leave to that effect.

5. Patients are expressly forbidden to spit anywhere except in their spittoons, nor shall they use chewing tobacco without the permission of the House Physician or Surgeon.

6. Patients must not open or shut any window or register of a ward at their own option.

7. The hour for patients in wards to retire to their beds is 9 p. m.

8. The Hospital will not be responsible for any property belonging to patients; but there is a safe in the Office where money and valuables may be deposited, for which articles, when so deposited, a receipt will be given.

9. When a patient desires the visit of a clergyman not in the house, he must signify the same to the Pastor, who may, at his discretion, invite the clergyman, with the understanding that he will confine his visit to the person desiring to see him.

REGULATIONS FOR VISITORS

1. Visitors desirous of seeing the institution will be admitted daily (Sunday excepted), between 9 a. m. and 12 m. and between 1 and 5 p. m.

2. The friends of patients are admitted to the general wards, from 1:30 to 2:30 p. m. on Tuesdays and Fridays, and on Sundays from 2 to 3:15 p. m.

3. Women visitors, unless near relatives, are not admitted into the men's wards, nor men visitors into the women's wards.

4. All visitors are respectfully requested to leave when the chimes are rung at the expiration of the visiting hour.

5. The cards of visitors to private patients will be taken to their rooms, under restrictions imposed by the attending doctor, daily from 10 a. m. to 1 p. m., from 3 to 5, and from 7 to 8 p. m. Such visitors will be expected to leave the rooms of their sick friends during the doctor's visit. They are to leave before the doors of the Hospital are closed at 9 p. m.

6. In case of extreme sickness special passes will be granted to the immediate relatives of the sick patient.

7. No fruit, liquors, or delicacies of any kind whatsoever may be taken by the friends of patients into the wards or private rooms. All such articles must be left at the Office, and, if approved by the doctors in charge of the patients for whom the articles are intended, will be delivered.
